

## *Plesk Control Panel: Logging into Plesk*

To log in to the Plesk control panel:

- Open your web browser, and in the address bar type the URL <https://secure.bareflame.net:8443>
- Press ENTER. Plesk login screen will open.
- Type the login name and password your provider gave you into the **Login** and **Password** boxes, respectively.
- If you log in for the first time, select the language for your control panel from the **Interface language** drop-down box. If you had previously specified the interface language and saved it in your interface preferences, leave the **User default** value selected.
- Click **Login**.
